Report on the Financial Statements

We have audited the accompanying financial statements of Armarda Group Limited (the ~~%Company+~~) and its subsidiaries (the ~~%Group+~~) set out on pages 8 to 73, which comprise the consolidated balance sheet and the balance sheet of the Company as at 31 March 2015, the consolidated statement of comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows of the Group for the financial year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with International Financial Reporting Standards, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and that transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair profit and loss accounts and balance sheets and to maintain accountability of assets.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

ARMARDA GROUP LIMITED (Continued)**

Opinion

In our opinion, the consolidated financial statements of the Group and the balance sheet of the Company are properly drawn up in accordance with International Financial Reporting Standards so as to give a true and fair view of the state of affairs of the Group and of the Company as at 31 March 2015, and the results, changes in equity and cash flows of the Group for the financial year ended on that date.

Emphasis of matter

We draw attention to Note 2 to the financial statements, which states that the Group registered a net loss of \$42,511,000 (2014: \$88,225,000) and negative operating cash flows of \$45,308,000 (2014: \$70,037,000) for the financial year ended 31 March 2015. The Group scaled down its core business and continued its business restructuring exercise to invest in other business opportunities.

The Group's associate, China Satellite Mobile Communications Group Limited and its subsidiaries (collectively "China Satellite Group"), which was acquired during 2013 to be a major profit contributor of the Group continued to report weak financial results. During the year, China Satellite Group recorded revenue of \$7,306,000 (2014: \$9,376,000) and operating losses of \$14,168,000 (2014: \$21,117,000). In order to improve the Group's financial performance by diversifying its business opportunities in various IT related areas, the Board of Directors of the Company has approved the investment in Guiyang Zhongdian Gaoxin Digital Technologies Limited ("Guiyang Tech") as disclosed in Note 10 to the financial statements.

The ability of the Group to achieve profitability and generate positive operating cash flows in the foreseeable future is largely dependent on the following factors:

- (i) increase in positive future contributions by China Satellite Group, and
- (ii) successful outcome of the proposed acquisition in Guiyang Tech and its subsequent positive contribution to the Group's profit and cash flows.

Our opinion is not qualified in respect of this matter.
